

LIL BETTAS SWIM SCHOOL

Booking Siblings and Sibling Information

We teach exclusively 1 on 1 classes however we do understand your time is valuable and we have made every effort to make your experience at Lil Bettas efficient and successful.

On average, we have multiple instructors working at the same time, so that students can be taught at the same time, each with their own instructor.

To find out if your desired timeslot has 2 or more openings:

- 1: Select your date and time
- 2: Click "Next"
- 3: Under the "Fill in your details page" a drop down menu for "Number of Participants" will appear if more than 1 spot is available. Change the quantity to the number of children you'd like to register for that time slot. If no drop down appears, there is only 1 class left at that time.

If you are wanting to book 2 children with 1 instructor for a 2:1 class, please read through the following:

Because each child's needs are so different, we do not offer this option on the website as we believe children require their own classes to develop their skills on a 1 on 1 basis. However, if you feel your children meet the following criteria, please email us at lilbettasswimschool@gmail.com to register in the 2:1 class. The cost is \$65.00+GST per class for siblings to swim 2:1.

- 1: Children must be 8 years of age or older
- 2: Children must have a good basic understanding of independent swimming and water safety

*If your children do not meet this criterion, please book them for individual classes either back to back, or even at the same time, just each with their own instructor. *
